

New York Elite FC Volunteer Commitment

Dear Parents,

NY Elite FC Administration would like to thank you all for choosing our Club for your child. The Administration is making every effort to provide each player with an enriching and complete soccer experience. Part of the over all experience is having an outdoor soccer complex for players to both train and play at in the Fall, Spring and Summer. Through the partnership New York Elite FC has with Clifton Park Soccer Club our players will have access to Clifton Common in Clifton Park New York which is an incredible outdoor soccer complex. We would like to ask each of our parents to aid in the conditioning of these fields to keep them so outstanding. We are also asking for you to please support NYEFC's sponsored events and fundraisers.

NY Elite FC would like to request the following volunteer hours from each parent. A volunteer representative will be assigned to each team and those representatives will report to our Volunteer Chairperson, Renee Barlow.

**Please note for liability reasons its best not to bring young children with you for the field conditioning hours.*

Summary:

2 hrs in the Spring or Fall per parent and per child (Field conditioning), Fundraising activities, Try Outs or other NYEFC sponsored activities.

AND

2 hrs per parent and per child for Tournaments.

I agree to this volunteer commitment and will fulfill my volunteer responsibilities:
